AMANDA 7 Upgrade

Security Groups

AMANDA 7 Security Structure

The screenshot displays the AMANDA Administration web interface. The top navigation bar includes the AMANDA logo and menu items: System, Core, Modules, Display, and Help. Below the navigation bar, there are icons for various system functions. The main content area is divided into two panes. The left pane shows a sidebar with a 'User' section expanded, listing sub-sections: Department, Location, Permissions, Security Group, Signature, Team, User Validation Procedure, and Users. The right pane, titled 'Orientation', contains instructions for adding new users. It includes a 'Getting Started' section with a paragraph: 'This area is used to define and Add new AMANDA Users. Before you can add new users, you must define User Roles or use the existing Roles that come with the base system installation.' Below this is a 'Steps Required to Add a new User' section with a numbered list: 1. Navigate to User -> Users section. 2. Select a user and click the row to see its User detail section. 3. Click on Add button. 4. Fill the Required fields. 5. Click on save button.

▼ Getting Started

This area is used to define and Add new AMANDA Users. Before you can add new users, you must define User Roles or use the existing Roles that come with the base system installation.

▼ Steps Required to Add a new User

1. Navigate to User -> Users section.
2. Select a user and click the row to see its User detail section.
3. Click on Add button.
4. Fill the Required fields.
5. Click on save button.

Permissions: Agency Security

The screenshot displays the AMANDA ADMINISTRATION web interface. The top navigation bar includes the AMANDA logo and menu items: System, Core, Modules, Display, and Help. Below the navigation bar is a toolbar with icons for home, search, and user management. The main content area is divided into a left sidebar and a right main panel. The left sidebar shows a tree view under 'Agency' with sub-items: Agency, Agency Assignment For Folder using Function, Agency Assignment For Folder using Lookup, and Configuration Options. The right main panel, titled 'Agency', shows a hierarchical tree view of agencies and their associated users. The agencies listed are: [10] CSDC, [11] DEMO, [15] SNB, [7] SNB Admins, [16] DNR, [8] DNR Admins, [9] GRoup 3, [17] Fish and Wildlife, [6] Fish and Wildlife Users, [18] Group 2, [19] Transportation, and [20] Transportation Users. Below the agency list, three users are listed with their permissions: AMANDA (Read, Update, Delete), RIDEY (Read, Update, Delete), and SAILENDU (Read, Update, Delete).

Permissions: Access Codes

The screenshot displays the AMANDA ADMINISTRATION interface. The top navigation bar includes 'System', 'Core', 'Modules', 'Display', and 'Help'. The user is logged in as 'Access' in French. The main content area is titled 'Access Group' and shows a table of access codes. Below the table, the 'Detail' view for 'User Access' is shown, with fields for 'Access Code', 'Description', 'Active Flag', and 'Comments'.

Access Code	Description	Comments
1	Permitting Administrators	
2	Planning Administrators	
3	Licensing Administrators	
4	Enterprise Administrators	

Detail: User Access

Access Code
Sets access for data, based on different Departments/Agency/Tenants.

Description
Description of Access.

Active Flag
Enables or disables the Users status of being Active or In-active in the System.

Comments
Enter any additional information for reference later.

Permissions: Users – Security Groups

The screenshot displays the AMANDA ADMINISTRATION web application interface. The top navigation bar includes the application logo, a menu with options like System, Core, Modules, Display, and Help, and user information such as 'Clear Cache', 'French', and 'Access'. A left sidebar shows a tree view of system components, with 'Security Group' selected. The main content area is titled 'Security Group' and features a table with columns for 'Privilege Code' and 'Privilege Desc'. Below the table is a 'Detail' view for the selected group, containing fields for 'Privilege Code', 'Privilege Desc', 'Active Flag', 'Access Code', and 'Comments'.

Privilege Code	Privilege Desc
1	Role:ADMIN
2	Role:STAFF
3	UserGroup:ADMIN
4	UserGroup:DEFAULT
5	UserGroup:EAdmin
6	UserGroup:PermitAdmin

Detail View:

- Privilege Code:** 1

Managing User – Folder Permissions - Continued

The screenshot displays a web application interface for managing user folder permissions. The interface is divided into several sections:

- Navigation Menu (Left):** A sidebar menu with options: Department, Location, Permissions, Security Group (selected), Signature, Team, User Validation Procedure, and Users.
- Orientation (Top Left):** Shows 'Orientation' and 'User x'.
- Security Group Tab (Top):** The active tab, with a search bar and a search input field.
- Privilege Code Table (Middle):** A table with columns 'Privilege Code' and 'Privilege Desc'. It contains three rows:

Privilege Code	Privilege Desc
1	Role:ADMIN
2	Role:STAFF
3	UserGroup:ADMIN
- Folder Type Table (Bottom):** A table with columns 'Folder Type', 'Description', and 'Description(French)'. It contains seven rows:

Folder Type	Description	Description(French)
<input type="checkbox"/>	ALCO	Retail Alcohol
<input type="checkbox"/>	ARCH	Architect
<input type="checkbox"/>	BEDD	Bedding License
<input type="checkbox"/>	BLDG	Building Permit
<input type="checkbox"/>	BOND	Surety Bond
<input type="checkbox"/>	BP	Bond Purpose

Permissions: Managing User – Site Permissions

The screenshot displays a web application interface for managing user permissions. The main window is titled "User" and shows a table with one row returned for the user "BRIAND". The table columns are "User ID", "User's Full Name", "Title", and "Phone".

User ID	User's Full Name	Title	Phone
BRIAND	Brian Dupasquier	Business Analyst	(888) 661-1933 e 162

Below the table, there is a section for "User Name Brian Dupasquier (BRIAND)" with a "Permission" section. The "Property" section is expanded, showing a list of permissions with checkboxes:

- View
- Audit
- Delete
- Folder - Select By Group
- Related View

 - Action Correspondence
 - GIS
 - Action Enter Inspection Request
 - Dishurement

Apache Solr Search Engine

Solr AMANDA Configuration

The screenshot displays the 'Simple Search Configuration' window. At the top, there are 'Save' and 'Refresh' buttons. The main configuration area includes:

- Uri of the Search Engine server:** A text input field containing 'http://192.168.168.70:8983/solr' and a 'Show all cores' button.
- If multiple servers, choose Search engine core:** A dropdown menu currently set to 'demo7'.

Below the configuration fields is a table with the following data:

Number of records indexed. The number of Records Indexed till date.	29011
Status of full import Whether full import has completed or not.	Success
Full import start time The Start time of the Full Import.	2016-02-05 21:02:13.0
The end time of the Full import. The Completion time of the Full import.	2016-02-05 21:02:48.0
Delta import end time. Defines the time when delta import has completed.	2016-09-07 15:19:43.886
Manual delta import status. Status of last manual delta import.	Success
